Degree of accuracy of the information contained in the data sheet

Low

1. Activity of the enterprise

In 2014, JinkoSolar Holding Co. Ltd (China) has opened a solar module factory in Cape Town, South Africa.

- Area: 5,000m²
- Annual production capacity: 120MW.
- Investment: approx USD7.5 million in the factory
- Staff: 250

JinkoSolar Holding Cy Ltd.has built in China a vertically integrated solar product value chain, with an integrated annual capacity of approximately 2.0 GW each for silicon ingots, wafers and solar cells and approximately 2.1 GW for solar modules (data year 2014).

The Cape Town factory is modeled after its state-of-the-art Chinese production facilities in China.

2. Product range

Points to be checked:

- Is the Cape Town factory operational ?
- Turnover 2023?
- What is the % of local value added?
